There were 2 meetings this month of the Community Center Task Force. The Task Force engages all the stakeholders within the community on a 5-to-10 year plan for investment in Town facilities that will benefit people of all ages in Barrington.

There was an SSAB meeting this month. The meeting centered on possible grant applications, which may be useful in acquiring the "My Senior Center" data management system. Meetings will resume in September.

A legislative grant on behalf of the "Friends of the Barrington Senior Center" was submitted in June. Status pending.

There was a Meet and Greet at the Center for Eric Walkin, Republican Candidate running for Attorney General.
